

Alexander Nubia Appoints Senior Exploration Geologist Leonard Karr to it's exploration team

March 22, 2016 - Alexander Nubia International Inc. (TSX-V:AAN) (the "**Corporation**" or "**Alexander Nubia**") is pleased to announce that Mr. **Leonard J. Karr II**, a veteran exploration geologist, will be coming to Hamama to act as a senior exploration geologist, working alongside the Company's Exploration Manager, Rick Cavaney. He joins the team, which includes two other experienced geologists, Jim Yates and Marcellin Rakotondraibe. Mr. Karr has over 30 years of experience of working as an exploration geologist, having worked in North America, South America and Asia. Mr. Karr holds a BS in Geological Engineering from Michigan Technological University and an MS in Geology from Colorado State University.

Mark Campbell, President and CEO of Alexander Nubia, said, "We are very pleased and fortunate in having Leonard join our team. Leonard's many years of experience in working in a wide range of geologic and metallogenic environments, will be a great asset to our very talented exploration team. The timing is great as we embark on our resource drilling program at Hamama, with the goal of issuing our maiden NI 43-101 compliant resource estimate on the completion of the program. Leonard will also be involved in our exciting high-impact exploration drilling program on our Fatiri Concession at Abu Zawal, set to start in June."

About Alexander Nubia International Inc.:

Alexander Nubia (TSX-V: AAN) is a focused gold exploration company working in Egypt exploring for and developing of economic gold deposits in the Central Eastern Desert of the Arabian-Nubian Shield (ANS). The Company's 100%- owned concessions, Abu Marawat and the Fatiri, combined cover 2,772 square kilometers of underexplored ground. Evidence of gold on the concessions dates the many surface workings to pre-historic (Copper Age) and Old Kingdom (Pharaonic), through Ptolemaic and Roman and into Early Arab times and the early 20th century European period. Several historic gold mines and numerous gold showings and gossans occur within the two concessions.

The Company's land package is located some 400 km southeast of Cairo and is enhanced by expanding infrastructure, including access to highway and railway right-of-way, a high-capacity electricity grid, and nearby major cities; Qena, on the Nile River, and Port of Safaga, on the Red Sea, only 50 km to the East.
