About Alexander Nubia International Inc.:

Alexander Nubia (TSX-V: AAN) is a focused gold exploration company, working in Egypt exploring for and developing economic

gold deposits in the Central Eastern Desert of the Arabian-Nubian Shield (ANS). The Company's 100%- owned concessions, Abu Marawat and the Fatiri, combined cover 2,772 square kilometers of underexplored ground. Evidence of gold on the concessions dates the many surface workings to pre-historic (Copper Age) and Old Kingdom (Pharaonic), through Ptolemaic and Roman and into Early Arab times and the early 20th century European period. Several historic gold mines and numerous gold showings and gossans occur within the two concessions.

The Company's land package is located some 400 km southeast of Cairo and is enhanced by expanding infrastructure, including access to highway and railway right-of-way, a high-capacity electricity grid, and nearby major cities; Qena, on the Nile River, and Port of Safaga, on the Red Sea, only 50 km to the East.
